to wipe away the disgrace on the nation.

"When the Klangsi riots took place Sin Wen Ching was governor, and as the people were then acting from the same motive, he prohibited the officials from punishing the people, telling his subord nates: "The foreigners have been in our country a long time against our will, and we should now allow the people to take revenge, You officials need not trouble yourselves, as I myself will punish all crime committed." He thus took the blame, and afterwards petitioned for punishment, but as he was in favor at court, he was not punished for the favor at court, he was not punished for the faithful action of the people. This time also the people are acting for faithful reasons, and cannot be called mobs, but they are only stupid to mix up with mobs. As you missionaries are known to be kindearted men who treat others as you would be treated yourselves, we dare say this matter, too, can be easily settled, and that you will take pity on the present difficulties of our government and the Emperor.'

CHIEF CAUSE OF THE RIOTS. "Of course as a consequence of the war with Japan there is an increased hatred of 'foreigners,' which probably is one of the principal reasons for the recent riots. But back of all other reasons remains the fact that the Christian missionaries by their teaching are enlightening and elevating the masses of the millions. This is fatal to the powers both of the priests and mandarins. who profit by the ignorance and super-stition of the people, and so are bitterly opposed to Christianity. This is the direct cause of the cruel persecution of the mis-sionaries, which has culminated in the terrible massacre even of helpless women,

children and babes.

"The proclamations of Li Hung Chang, commanding the protection of Christian missionaries in China, has come as an official recognition of the fact that their boys, educated abroad under Christian influences, proved to be their best and bravest officers, and about the only ones to be depended upon for the defense of their country from the foreign foe when war was upon them. Now is the time and now is upon them. Now is the time and now is the opportunity, as never before, peace-fully to open up the ports of China, and powerfully, once and forever to protest and guard against future outrages in the Orient. Letters, telegrams and appeals have been sent publicly and privately throughout England and America imploring protection upon the part of Great Britain and the United States. Mass meetings of interest interest to all foreigners have been intenset interest to all foreigners have been held in such centers foreign population as Hong Kong, Foo-Chow and Shanghai under the auspices of the China Association. This message was cabled to both the Cleveland and Salisbury govern-ments, and papers publishing verbatim re-ports of the proceedings of these meetings have been received by mail and are at hand. (See China Gazette of Aug. 6.)

CHRISTIANS SHOULD AROUSE. "Addresses which should arouse any but the dead to action, and letters which leave of prosecution, torture and death are pouring over the ocean. These appeals should not be listened to in apparent apathy longer. Such pressure should be brought to bear upon our governments by pulpit, press and people at home, as to move them of such policy as shall promptly punish the guilty, as far as possible indemnify the injured, and once and forever insure the safety of 'foreigners' in the Orient.

"The latest imperial edict, just received, is all that could be desired. The Emperor denounces the demons who have not only violated treaties but are 'fairn' as far in

plated treaties, but are 'going so far in their ruthless ferocity as to murder even women and infants. He commands the erfect protection of all foreigners for the future and it seems apparent that he is acting in good faith, but it is also as certain that his words will be futile unless backed by stronger powers. This is the time then for friendly nations to sustain his government in these good intentions, and in doing so free China forever from the fetters of the past and open up to her a far fairer future.

"The following emphatic resolutions have been passed by unanimous vote of the ministers' meeting of the Baptist. Congregationalist, Methodist, and Presbyterian Churches of Chicago, and neartily indorsed by missionaries returned from China:
"Whereas, The property, ights and lives of our fellow-citizens and those of other pationalities have been brutally assembled."

'Resolved. That we call upon the respective governments of Christendom to do all in their power to protect their own; and that we urge our government at Washington to move at once, with utmost prompt-ness, decision and determination. First, to demand and enforce the proper punishment of all implicated in outrages, officials, pri-vate citizens and soldiery alike; second, to demand and insist upon full money indemnity for all damage done to property of ties and persons and property of pri-individuals; third, to demand and require good guarantees from the government of China for protection of life, person and property, of all foreigners for the future."

LIBERTY BELL DAY.

Atlanta Will Honor the Venerable Proclaimer of Independence Oct. 9.

ATLANTA, Ga., Sept. 24.-The committee of arrangements for the reception of the a., and herbert nurbert, of the Pennsylvania commission. The bell is to arrive here on the 8th of October, and the ceretoples of its installation at the Pennsylvania building will occur on the morning of the 9th. When the committee met this morning Mr. Hall presented the following resolution:

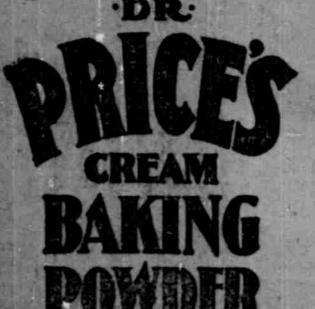

"Resolved, That the Liberty Bell shall be in the custody of the State commis-sion at the Atlanta Exposition, and that the exposition authorities be and they are hereby requested to set aside Oct. 9 as Liberty Bell day, and that the proceedings shall consist of an address by the Mayor of Atlanta, replied to by the Mayor of Philadelphia, and that the director-general be invited to make the address of welcome."

It was decided that a military parade hould be arranged for the reception of the bell, and a committee to confer with the bell, and a committee to confer with the military men of the city was appointed. A committee from the board of directors to meet the bell and escort the Philadelphia delegation was also appointed. The programme as arranged provides that the bell shall be taken from the car on which it makes its trip to this city and placed on a large wagon at 10 o'clock in the morning of the 3th. In front of it will march the military of the city. The will march the military of the city. The line will go through the principal streets of the city to the exposition grounds, where the bell will be unloaded and placed in the Penns Ivania building. President Collier and Mayor King will then make at dresses of welcome, and these will be responded to by Mayor Warrick, of Philadelphia.

June was the only month the champions ailed to win more games than they lost. During that month they dropped one more game than they won. Turner, of Philadelphia, was five times at bat yesterday and made five hits. Keel-

er, of Baltimore, hit the ball sefely four times and sacrificed once. New York got but five hits of Washington's new pitcher, a Southern Leaguer named James, but James gave nine bases on balls and the "Giants" won.

Gayle won twenty-two of the thirty-eight championship games he pitched for Detroit this season. Whitehill won fifteen and lost ifteen and Pears won seventeen and lost

Ninety-four Western League games were won and lost this season by one run. Indianapolis captured ten but dropped twelve of these close games. Detroit won seventeen, while Terre Haute lost seventeen by this narrow margin.

Indianapolis was the only team not shut out during the season just closed, and also holds the record for "blanking" other teams. Kansas City was shut out only once and then by Grand Rapids, with "Bumpus" Jones in the box.

In the series between the eastern and western clubs this season Indianapolis had much the best of the argument, winning forty games from the Westerners. Detroit came out second best, winning thirty-three games from its Western brethren. Terre Haute and Grand Rapids made a bad show-

Post season contests for trophies are becoming the proper caper. In the Eastern League Spring-field has won three straight games for the trophy. The games have been marked by some excellent ball playing, a triple play being a feature of the last contest. The players are gainers by the three games. Three contests in Springfield netted them

Campau is the heavy hitter of the Detroit team, having made forty-two two-baggers, ten triples and eleven home runs. Dungar ranks second, with a total of 150 bases. His specialty was a two-bagger, forty-five of that sort falling to his credit. Gillen is the third heaviest hitter in the team and ranks well with the other two. Newman, Nichol-son and Raymond are almost tied. Strouthers made nine home runs during the season, which brings his total up considerably. Mc-Cauley and Delehanty have good batting records for the short time they have been with the club.

Last night the men who have battled for Kansas City all season scattered to their various homes, and the Blues of 1895 are now a thing of the past. Only Manager Manning and "Smiling" Peter Daniels are in the city to-day, and when Daniels leaves on Tuesday evening for Milwaukee, Manning will be left alone. Connaughton went

was soon outclassed. Indianapolis has practically had the pennant won all season. Detroiters had hoped for a while that the team representing the City of the Straits would finish somewhere in the first division. That false hope was dispelled long ago. Detroit was lucky to land as good as fifth. Denny Long's misfits, driven from Toledo, sought refuge in Terre Haute, and finished seventh. Deacon Ellis and his gang of cheap players and has been appropriately seventh. Deacon Ellis and his gang of cheap players and has beens appropriately wag the tail of the league. Sioux City won the pennant last year, but was frozen out because the town did not pay. It is reasonable to suppose that Terre Haute and Grand Rapids will be dropped into the sewer or some other convenient outlet the coming year. The hyphenated Long monster has outlived its usefulness, and a better city will, no doubt, be secured. Grand Rapids is no longer in the baseball hunt and should be wiped off the Western League ball map. The other towns in the league support the game loyally, and will be retained."

The other good thing was in the third race, when the money fairly rolled into the ring on Amanda V. The bettors were not as fortunate, for she ran absolutely last all the way. Prince Lief, at the comfortable odds of 4 to 1, won from Right Royal after a drive. Bloomer got the place without trouble. The second race was won by Adelbert, at long odds, from Leonawell, who was held at prohibitive odds. On the way around the first turn Simms drove the favorite into Stone Nellie, sending her against the rail and knocking one of the posts down. M. Bergen, her rider, was badly hurt about the leg. Flying Dutchbitting gare of the year was played at Detroit on June 18, when the locals snowed under Grand Rapids by corralling thirty-three hits, with a total of forty-four bases. On Sept. 15 the "Cowboys" scored a total of forty-two hits against Grand Rapids.

LANSING, Mich., Sept. 24.-The attendance at the opening of the September meeting of the Lansing Driving Club was light, but the weather and track conditions were all that could be desired. Results: 2:18 Pace (unfinished)—Dan Oloid won first and fourth heats in 2:14%, 2:16%; Frankle R. won second and fifth heats in 2:17%. Red Pointer, Green Ceps and Bessie Wilkes also started.

2:30 Pace—Kitty Hall won third, fourth and fifth heats in 2:21, 2:23%, 2:25; Edgar H. won first and second heats in 2:20%, 2:23. Nellie N., Ivanhoe, Harry W., Letty X.

also started. Race-Starting Machine. SAN FRANCICO, Sept. 24.-When the new race track at Ingleside is opened next November an Australian starting machine will take the place of a man with a red flag. One of the machines was recently imported from Australia. The machine consists of two bands of strong webbing, each band about four inches in width, made fast at both ends to a frame, which slides up and away from the horses at an angle of about forty-five degrees. As soon as all the horses are lined up facing the webbing the starter pulls a lever, which releases the trigger, sends the webbing flying swiftly and noiselessly upward and outward, and the horses are off in a line. The timing will be done by electricity, and an auto-matic indicator placed above the timers' stand will display the time made to every quarter as the horses pass the pole.

Talmage Wants Time to Consider. BROOKLYN, N. Y., Sept. 24.—Rev. T. De-witt Talmage stated to-day with reference to the call extended to him by the First Presbyterian Church at Washington, that he had received two or three other calls of a like character. The call from Washington, however, was very important and presented a very inviting field, but he wanted a very inviting held, but he wanted a little more time, he said, to carefully consider and weigh the matter in order that he may be positive as to his duty. He said that he would give a definite reply before the close of the week, probably on Saturday.
